## Tumor Removed.

Mrs. Batterson and Welsh were called to New Carlisle yesterday afternoon to remove a fatty tumor from the left shoulder blade of Miss Lizzie Elliott. The operation is an exceedingly difficult one and it was necessary for the surgeons to exercise considerable care all through. Miss Elliott has been suffering from the tumor for nearly eight years and its removal is a great relief from intense pain. At the time of leaving the doctors report the patient as doing very well having withstood the painful operation very courageously.

## SANTA CLAUS

To the Editor of the Globe-Republic.

After some one gets killed at the I. B. & W. railroad crossing on Lagonda avenue and the company has heavy damages to pay, gates and a watchman will no doubt be placed there. Within a few days there have been several narrow escapes at that point, and the people who travel the road have a right to demand that proper precautions be taken to prevent accidents. In the absence of gates and a careful watchman, trains running at full speed or nearly so, across one of the principle avenues of the city, sometimes without signal, must sooner or later result disastrously.

Chang, the Chinese Giant, at the Mikado.

The enterprising managers of the Mikado skating academy have concluded a contract with the world renowned personage, Chang, the Chinese giant, absolutely the tallest man on the face of the earth, who will hold receptions at the rink every afternoon and evening during this week, commencing tomorrow afternoon, with the exception of Christmas evening, afternoon and night, on which occasion the celebrated bicyclist and unicyclist, Geo. L. Jones, will give his marvelous exhibitions of fancy and trick riding on the wheels, including riding a common buggy wheel, and will execute any feat requested by the audience that is within the bounds of reason.

On Saturday morning, afternoon and evening, Chang's reception will be for the especial benefit of school children.

On Wednesday evening the polo clubs will play their usual game, with Chang as a spectator, and probably as the referee, of the game.

The Mikado should have a room with a big "B" this week. No advance in price will be made on account of the extraordinary attractions, but will remain as usual, 15 cents.

Strangers of Paris at the Grand.

The following is from the Toledo Blade: "The Strangers of Paris" was given at this popular temple of amusement last night before a large audience, and was received with intense satisfaction. The difficult role of Japon, was enacted by Newton Rees, and gave him fine scope for his dramatic powers, which are of a high order. His support was good, the character of Blanchard, being taken by Joseph Adelman that of Jeanne, by Miss Evelyn Campbell and Sophie May, Kate Fliske. The play interspersed with sparkling comedy, and ended well, to be enjoyed.

It is described as follows: From the first rise of the curtain throughout its entire duration, as all the characters are well sustained, the company being one of the strongest that has yet appeared on the boards of the People.

This elegant company will be at the grand Thursday and Friday evenings Dec. 24 and 25, with grand Christmas matinee.

Don't forget to get your seats at Carter's.

Camp 44 nominated officers for the ensuing term at last meeting. Camp 51 will nominate this coming week.

The late dance given by Camp 58, of Columbus, was a grand success.

The attendance at both camps have been excellent for some time past.

Bro. A. R. Straw, of Camp 51, has had his commission as district president for this district in his pocket now for some time, but only let it be known quite recently.

The Columbus camp are all reported in good working condition with almost weekly initiations.

Camp 51 organized a "degree team," composed of the following members: Past President, A. B. Straw; President, J. H. Ware; Vice President, Franklin M. F. Edwards; Past President, George G. Gandy; Guards, Wm. Martin and Wm. Kieffer; Attendants, Wm. Moon and Chas. Massie. From the manner in which they performed their work at the last meeting, great things may be expected with little more practice.

Let both camps have a good attendance during the coming week, that good officers may be selected for the ensuing term.
